

and Pastor Lou exemplify the meaning of servant leadership, and stewardship. Pastor Lou adheres to his church's mission of, "taking God's love outside the walls and into the community." Pastor Lou and his congregation worships God by serving the most vulnerable in the community. God bless Pastor Lou, God bless the congregation, and God bless America.

RECOGNIZING **EDILBERTO CANSECO AS MY CONSTITUENT OF THE MONTH**

**HON. MIKE LEVIN**

OF CALIFORNIA

IN THE HOUSE OF REPRESENTATIVES

*Tuesday, November 2, 2021*

Mr. LEVIN of California. Madam Speaker, it is my great honor to recognize Oceanside resident and Vista Family Health Center Physician Assistant, Edilberto Canseco, for my October Constituent of the Month. Edilberto was born in Oaxaca, Mexico, and immigrated to the United States in 1991 at the age of three. Growing up, Edilberto's family emphasized the value of hard work and the importance of serving others. Embodying the American Dream, Edilberto took these lessons and his passion for science and completed an Emergency Medical Technician School Program at Palomar College. He then obtained a Bachelor's degree in Psychology from Cal State University San Marcos and graduated with a Master's in Medical Science from Stanford's School of Medicine Primary Care Program.

During his time at Palomar Community College, Edilberto participated in the school's dedicated program to inspire Latino students like himself, and he carried those lessons on throughout his life. Years later, Edilberto found himself in one of the most challenging times of his academic career as only one of three Latino students in a cohort of 50 working towards their Master's degree at Stanford. Despite the challenges, Edilberto persisted and used the lessons he learned from the support programs at Palomar College to be successful. Seeking to honor the values his parents instilled in him and pay the lessons learned forward, Edilberto dedicated his career to working within the Latino community and helping others.

Now in his fourth year at Vista Family Health Center as a Physician Associate in primary care, Edilberto tirelessly works on the frontlines of the COVID-19 pandemic. He sees himself in his patients and understands the hesitancy within the Latino community to get vaccinated, but he works diligently to promote vaccinations and provides each patient with high quality, culturally relevant, and linguistically appropriate care. As a dedicated member of his community, Edilberto is able to fulfill his passion of helping others and being a part of the solution amid the pandemic.

Following Hispanic Heritage Month, I am proud to continue lifting up Latino voices like Edilberto Canseco who contribute to our unique and diverse district. I'm so grateful for CA-49 residents who dedicate their lives to the betterment of our residents, especially during this pandemic, and I'm proud to honor Edilberto Canseco as my October Constituent of the Month.

PERSONAL EXPLANATION

**HON. MARIANNETTE MILLER-MEEKS**

OF IOWA

IN THE HOUSE OF REPRESENTATIVES

*Tuesday, November 2, 2021*

Mrs. MILLER-MEEKS. Madam Speaker, I was unable to be present in Washington, D.C. to vote on Monday, November 1, 2021. Had I been present, I would have voted: YEA on Roll Call no. 340, and YEA on Roll Call no. 341.

**SIDNEY PATTERSON**

**HON. JEFFERSON VAN DREW**

OF NEW JERSEY

IN THE HOUSE OF REPRESENTATIVES

*Tuesday, November 2, 2021*

Mr. VAN DREW. Madam Speaker, this month, I had the pleasure of presenting Sidney Patterson with his Eagle Scout Court of Honor. For his Eagle Scout Project, Sidney constructed a dual compost bin and garden area that will provide vegetables to Veterans who utilize Enphront's services. As well as providing vegetables to Veterans, this garden area will also donate the extra produce to the local Food Bank. This young man should be proud of his accomplishments and it was my honor to have the opportunity to recognize his dedication to the South Jersey community. God Bless Sidney and God Bless America.

HONORING THE MEMORY OF JOHN EDWARD MCCLURE

**HON. DON BACON**

OF NEBRASKA

IN THE HOUSE OF REPRESENTATIVES

*Tuesday, November 2, 2021*

Mr. BACON. Madam Speaker, I rise today to honor the memory of John Edward McClure. A true pioneer in what is considered the final frontier, John led the business development team that brought the ON-STAR automobile safety and communication system to reality. Through his vision for the practical and purposeful application of what was then an emerging technology, thousands of lives have been saved and countless motorists have been kept safe thanks to this technology.

John and his team helped exploit the nascent Internet of Things, or how machines talk to machines, to create ON STAR, one of the first communication systems to exploit this technology. ON STAR achieved its goals of providing security, enhancing productivity, and monitoring vehicle operation and maintenance for motorists.

A true entrepreneur, John started numerous companies including an asset tracking company using GPS and other satellite technologies to monitor cargo and other materials in transit. Mr. McClure's quest to constantly push the boundaries of technology led him to focus on helping youth acquire a thirst for discovery. He mentored individuals and led student groups sharing his mantra that there "are no Can't Dos in life, only Can Dos!"

Combining his passion for aerospace and education, he introduced the NASA CubeSat initiative to a group of Nebraska middle- and

high-school students. He helped pair them with undergraduate mentors from the University of Nebraska Lincoln. Together the team proposed an experiment that NASA has accepted for a future mission to orbit earth. Known as the Big Red Satellite Team, this group will carry on John's mission to have this historic-first CubeSat designed and built in Nebraska. The team will test cutting edge solar cell technology.

Always looking beyond the horizon, John's ultimate goal is for the Big Red Satellite project to serve as a catalyst for the development of STEM careers and ultimately help build an aerospace industry in Nebraska. An accomplished fixed wing and hot air balloon pilot, John never stopped reaching for the stars. His words and his actions clearly communicated his primary mission: create opportunities that give kids an opportunity to succeed.

John McClure passed away September 15, 2021. I offer my condolences to his entire family. John's many achievements will continue to impact Nebraska well into the future. A future that John sought to improve by helping young students discover their abilities and believe that anything is possible. His life's work has helped people in every state of this union, and his legacy of encouraging others to make their dreams a reality will be carried on by those he inspired.

CELEBRATING THE 30TH ANNIVERSARY OF HOT SPRINGS AREA COMMUNITY FOUNDATION

**HON. BRUCE WESTERMAN**

OF ARKANSAS

IN THE HOUSE OF REPRESENTATIVES

*Tuesday, November 2, 2021*

Mr. WESTERMAN. Madam Speaker, I rise today to honor the work of the Hot Springs Area Community Foundation.

The Hot Springs Area Community Foundation is celebrating its 30th year of giving. This foundation was started when 15 local community members wanted to improve their community; now, it is one of twenty-nine affiliates of the Arkansas Community Foundation operating in the top tier of affiliates. Since its inception in 1991, the Hot Springs Area Community Foundation has given out over \$17 million in grants to originations in the greater Hot Springs area. In 2021 alone, the Hot Springs Area Community Foundation has awarded just under \$250,000 to those in need.

These grant dollars have allowed the community to combat many issues, including food insecurity and other health and poverty-related problems. In addition to food and health issues, the Hot Springs Area Community Foundation is addressing the issue of illiteracy in our area. As part of the statewide Grade-Level Reading initiative, the Foundation works with community leaders, parents, and educators to have children reading at grade level by the end of third grade.

Madam Speaker, I thank the Hot Springs Area Community Foundation, its current and former board members, and those donors who have allowed it to serve the community for the last 30 years.
